

REMARKS

The undersigned would like to thank Examiner Yuan for the helpful telephonic discussions over the past couple months in which various amendments of the claims were discussed. In particular, Applicants requested that the Examiner add reference to “formed” products to claim 127 in addition to the “molded” products recited in the proposed Examiner’s Amendment faxed on March 15, 2011. Applicants also requested that the Examiner change “or” in new claims 164 and 165 as proposed in the Examiner’s Amendment to “and/or.” The Examiner agreed to these amendments on May 19, 2011.

The specification has been amended herein to update the priority information, as suggested by the Examiner in the proposed Examiner’s Amendment faxed to Applicant’s representative on March 15, 2011. In addition, this Amendment formally submits the claim amendments as proposed in the Examiner’s Amendment, and further incorporates the additional amendments noted above, which the Examiner agreed to enter on May 19, 2011. No other amendments have been made and no prohibited new matter has been presented. Accordingly, Applicants respectfully request that the Examiner enter this amendment and advance the application to allowance.

Except for issue fees payable under 37 C.F.R. 1.18, the Commissioner is hereby authorized by this paper to charge any additional fees during the entire pendency of this application including fees due under 37 C.F.R. §§ 1.16 and 1.17 which may be required, including any required extension of time fees, or to credit any overpayment to Deposit Account 50-1283. This paragraph is intended to be a **Constructive Petition for Extension of Time** in accordance with 37 C.F.R. 1.136(a)(3).
